Work Experiences

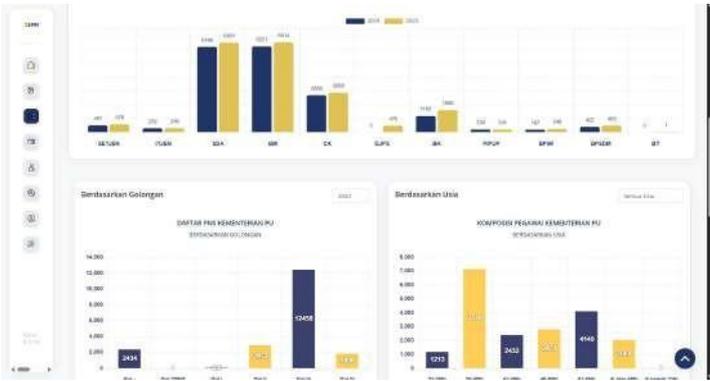

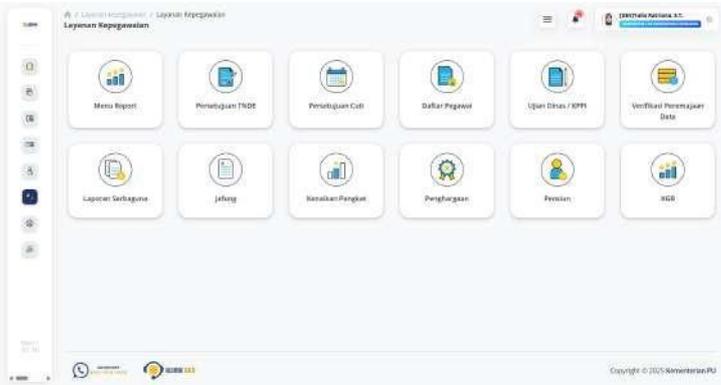

- **PT. Eka Abhipraya Semesta** *Juli 2024 - Now*
Fullstack Developer
I work as a Fullstack Developer at PT Abhipraya on the E-HRM project for the Ministry of PUPR. I develop and maintain the system using NestJS (backend) and Vue.js (frontend), with Docker for containerization and Redis for caching. I build key features like employee data management, authentication, and API integration, ensuring performance and scalability in a government-scale application
- **PT. Rimba Ananta Vikasa** *Jan 2024 - May 2024*
Fullstack Developer
I have experience working as a Fullstack Developer at a software house company, where I developed various web applications using JavaScript, TypeScript, PHP, and frameworks such as Nuxt, NestJS, Vue.js, and Laravel. I am comfortable working on both frontend and backend, and I regularly collaborated with teams to build efficient and scalable digital solutions..
- **PT. Matahari Tbk** *Feb 2022 - Aug 2023*
Sales Associate
Promoted and sold Crocodile children's shoes by leveraging product knowledge to provide tailored recommendations and boost sales. Collaborated with the team to meet sales targets, managed attractive product displays, and optimized store layouts to enhance customer experience and increase foot traffic.
